Bloomberg Industry Group was founded in 1929 as The Bureau of National Affairs (BNA) to provide legal, tax, and regulatory stakeholders with proprietary news, headnoted court decisions, and industry best practices.

Upon its purchase by Bloomberg in 2011, the company was rebranded as Bloomberg BNA. To better reflect the diverse range of businesses and professionals the company serves and the wide range of markets where it operates, the company changed its name to Bloomberg Industry Group in September 2019.

The company empowers professionals in government, tax and accounting, and law with expertise, industry knowledge, content, and technology, enabling them to take decisive action and make the most of every opportunity.
