Bloomberg Law is the only legal practice solution that pairs Bloomberg business data with indispensable, trusted Bloomberg BNA legal content. The platform integrates all of its content – news, analysis, practice tools, market data, business intelligence, and more – into one seamless experience. Best of all, a subscription to Bloomberg Law provides unlimited access to our content and tools at one price.

The Mini-Catalog highlights our practice center content organization covering 16 practice areas; offers a view of our litigation and transactional offerings; describes practice tools that leverage data analytics and artificial intelligence to speed, enhance, and expand the boundaries of legal research; highlights the breadth and depth of our secondary content; examines our market-leading docket coverage; and showcases our Practitioner Tools, including our greatly expanded offering of Practical Guidance.

The value of Bloomberg Law is enhanced through continuous innovation. Our team consistently finds ways to enrich the value of our content and functionality, and we enhance Bloomberg Law at no additional cost to the firms and organizations putting their trust in us. Recent enhancements include:

- **Litigation Practical Guidance** including coverage of Initiating & Defending Litigation and Litigation Finance
- **State Litigation Resources pages**, a one-stop shop for key litigation resources for each of the 50 states and Washington, D.C.
- **Bloomberg Law Analysis**, combining topical coverage with data-driven research
- **Expanded Docket Key® coverage** to include all federal District Courts
- **Addition of Court Analytics** to our Litigation Analytics tool
- **Brief Analyzer tool** that drastically reduces time spent analyzing an opponent’s brief, identifying relevant authorities, and preparing a credible response

Bloomberg Law analyses leverage the latest data and technology to deliver expert perspectives and insights to the legal market.

Our litigation analysts identify trends in developing areas such as litigation finance and privacy litigation, while also staying abreast of changes in more traditional areas such as employment and antitrust litigation.

Bloomberg Law analysts also offer fresh perspectives and actionable intelligence on the next version of the legal industry via our Law X.0 podcasts. Topics include trends in litigation, compliance, transactions, and legal markets. Listen and subscribe to Law X.0 podcasts via Stitcher, Spotify, and Apple.
Bloomberg Law News

In addition to a tradition of award-winning, editorial excellence, Bloomberg Law News offers:

- Real-time updates
- Customization, allowing you to select news feeds by topic
- Alerts sent at a time and frequency you select
- Bloomberg Law Insights – thought leadership by expert practitioners on emerging issues
- Highlights – a news summary sent in the morning that can be customized by areas of interest
- First Move™ – applying to select news channels, First Move is a morning email with a preview of the day’s top stories and the events that will be monitored over the course of the day
- You can access Bloomberg Law news by clicking Browse on the homepage, and clicking on News & Analysis and then Bloomberg Law News.
Practical Guidance; Chart Builders; Trackers; In Focus Resources

- Bloomberg Law’s task-based, how-to Practical Guidance includes a variety of resources such as overviews, checklists, sample forms and agreements, timelines, and drafting and negotiating guides.

- The value of Bloomberg Law’s Practical Guidance is enhanced by unlimited access to Bloomberg Law’s content and tools such as the Business Intelligence Center, Precedent Search Database, State Chart Builders, Points of Law, Docket Key, and Draft Analyzer.

- Practical Guidance is mapped to practice centers and is also accessible as a searchable database from the drop-down menu via the Browse button on the Bloomberg Law homepage under Practitioner Tools. It is also accessible by entering Practical Guidance as a keyword search in the GO Bar.

- The Practitioner Tools link described in the above bulleted item also provides searchable databases for Chart Builders, Trackers, and In Focus pages.
  - State Chart Builders: providing comparisons of state statutes by topic for Banking, Securities, Labor & Employment, Health, Privacy, and additional practice areas.
  - Trackers: Bloomberg Law’s editorially curated trackers stay abreast of legislative and regulatory changes affecting critical components of Corporate, Securities, Health, Labor & Employment, and additional practice areas.
  - In Focus Resources: combine News & Analysis, legal primary sources, dockets, business information, Practical Guidance, and special features for a detailed topical overview and insights into the issues transforming the legal market.
Transactional Intelligence Center

- The Transactional Intelligence Center provides all the transactional tools and resources lawyers need to document and negotiate a deal; it’s available via the Browse button on the Bloomberg Law homepage and via a keyword search of Transactional Intelligence Center in the GO Bar

- Transactional Practical Guidance:
  - covers dozens of types of transactions in key areas including: M&A, Registered Offerings, Unregistered Offerings, Commercial Transactions, Corporate Governance, Private Funds, Finance, and Non-Corporate Entities
  - links to related content and critical example database searches, delivering a connected platform experience
  - Presents individual transactions in step-by-step order, reflecting deal lawyers’ typical workflows
  - Includes introductory materials for lawyers new to a transaction, such as Overviews, Document Descriptions, and Clause Descriptions, as well as deal management documents, such as Timelines, Checklists, and Closing Checklists
  - Offers Drafting & Negotiating Guides and Sample Form Agreements providing provision-by-provision guidance and related content for lawyers who are seeking specific pointers

- Bloomberg Law’s Precedent Database of over 1.5 million negotiated documents allows convenient searching of over 600 document types and permits filtering by key commercial and legal terms

- With Draft Analyzer, you can benchmark your language against similarly worded text in disclosed agreements

- Users can research SEC Filings using Bloomberg Law’s EDGAR database, or limit a search to individual 8-K or 10-K Items or 10-K Risk Factors

- You can scope out the market with Deal Analytics, Bloomberg’s exclusive database of hundreds of thousands of public and private M&A deals, VC funding rounds, and equity offerings

- Provides a broad range of editorially created Chart Builders covering topics such as Corporate & Tax Law, Blue Sky/Securities, and Banking & Consumer Finance

- In Focus pages cover quickly evolving topics relevant to deal lawyers, such as Blockchain, ICOs, CFIUS, and FCPA
Business Intelligence Center

- Including a suite of tools that draws from Bloomberg’s news and financial data integrated with legal resources
- Including current awareness on the specific issues that most impact clients
- Helps you prepare for meetings and identify business opportunities
- Tracks thousands of news sources by topic, from rumored mergers to bankruptcies, in order to get ahead of emerging topics that could affect clients
- Includes 3.5+ million downloadable public and private company profiles
- Provides the most up-to-date information on a company or topic using a custom dashboard or alert you create; or choose from one of our expertly crafted templates

Bloomberg BNA Manuals

Litigation Intelligence Center

The Litigation Intelligence Center on Bloomberg Law combines market-leading dockets with primary sources, Litigation Practical Guidance, Bloomberg Law News, dockets, and practice tools in one easy-to-access location.

It provides unlimited access to:

- Bloomberg Law Dockets including Docket Key search functionality, expediting access to civil filings for all U.S. District Courts
- More than 13M state and federal court opinions, including BCite, our proprietary citator
- AI-powered practice tools such as Smart Code, a virtual annotated code for state and federal codes, rules, and regulations with strength-of-discussion indicator; and award-winning Points of Law, which saves time by isolating the language essential to a court’s reasoning and identifying the leading case(s) for a specific Point of Law
- Litigation Practical Guidance, providing step-by-step guidance on the legal and logistical issues related to Initiating & Defending Litigation
- Litigation Analytics, identifying meaningful patterns among infinite legal data points and including analysis of federal District Court information, company data, law firm and attorney representation data, and judicial behavior
- State Litigation Resources pages, providing in one place key litigation resources for each of the 50 states and Washington, D.C.; including Choice of Law and Statutes of Limitations practice tools
- Robust offering of litigation secondary sources
- Brief Analyzer tool, generating a detailed report with the brief and analysis in side-by-side format, suggested content with reasons for the suggestions, and links to related resources on Bloomberg Law
- Bloomberg Law News, including customized updates in real time from leading resources such as U.S. Law Week
Points of Law

- A court opinion research tool leveraging machine learning, AI technologies, and data visualization
- Shortens research time by isolating the language essential to a court’s reasoning and helps eliminate irrelevant court opinions
- Enables quick and easy determination re: which cases are the most cited, most relevant, or most recent; reduces the probability that an important case will be missed
- Accessible from the Points of Law icon in the right rail of the court opinion, and from the Points of Search link on the homepage and Points of Law Search in the GO Bar
- Select View Full List to see a condensed view of all the Points of Law that appear in a court opinion; within a case, click through to a Point of Law from any blue highlighted section of the opinion and to the leading cases in support of the Point of Law; click on a Related Point of Law
- Citation Map provides an at-a-glance graphical view of a Point of Law, including the leading cases for a Point of Law and citing cases over a period of time
- Bloomberg Law also supports a keyword search of the Points of Law database, providing seamless navigation to relevant jurisdiction-specific Points of Law and citing cases
- Winner of AALL’s New Product Award
Litigation Analytics

- Litigation Analytics enables you to visualize litigation trends, predict outcomes, advise clients, and improve overall litigation strategy
- Relying on Bloomberg’s business and financial information as well as Bloomberg Law’s dockets and opinions, Litigation Analytics organizes searches by company, law firm, attorney, court, and judge
- Company Search allows you to search across more than 3.5 million public and private companies
- Law Firm Search analyzes more than 7,000 law firms and the companies they represent in federal court
- With Attorney Analytics, you can conduct competitive research with data on over 100,000 attorneys at more than 750 law firms
- Court Analytics, applicable to all federal District Courts, provides aggregate motion and appeal outcome rates and aggregate length of case statistics, with a comparison option between jurisdictions and filtering options
- With Judge Search you can search across all sitting federal District Court judges to gain deeper insights from the judge’s profile, historical work and current cases, cited opinions, and more
Dockets

• Comprehensive federal coverage (Supreme Court; Circuit Courts; District Courts; Bankruptcy Courts; Court of Federal Claims)
• State coverage in 1,000+ venues
• Select international coverage
• Complaints collected and automatically attached to docket in 200+ courts, including key jurisdictions such as Delaware Chancery and all U.S. District Courts
• Docket Key search functionality:
  - Access to 20 filing types from civil cases in all U.S. District Courts
  - Advanced search across docket
  - Quickly, easily locate specific types of filings, e.g., briefs and motions
• Unlimited Search, Alert, Track, & Retrieve
  - Unlimited search helps you easily find cases and filings, such as briefs or motions
  - Unlimited docket alerts notify you whenever new litigation matches search criteria
  - Unlimited tracking across federal, state, and some international jurisdictions (fees apply)
  - Bloomberg Law’s document retrieval provides a growing database of searchable docket filings
  - All documents requested by the Bloomberg Law community are available in the database; for an additional charge, Bloomberg Law will retrieve any document available from the court
• Access Dockets via the Dockets Search link under Popular Links on the Bloomberg Law homepage; on the Litigation Intelligence Center (type Litigation Intelligence Center in the GO bar); or by typing Dockets Search in the GO bar on the Bloomberg Law homepage
Brief Analyzer

- Brief Analyzer drastically reduces the time spent analyzing an opponent’s brief, identifying relevant authorities, and preparing a credible response
- Simply upload a brief to the Brief Analyzer tool

In minutes, Brief Analyzer will:
- Generate a detailed report with the brief and analysis in side-by-side format
- Provide suggested content for review and reasons for the suggestions
- Link seamlessly to additional resources and tools on Bloomberg Law

Enforcement Tracking & Analytics

- An analytics and data visualization tool providing key insights into regulatory enforcement trends and outcomes
- Enables practitioners and organizations to deploy effective corporate compliance strategies and policies, mitigate risk and exposure, and stay on top of practice-changing trends

Two Enforcement Analytics products - Health Care Fraud Analytics and SEC Enforcement Analytics - have been released; the latter includes two distinct tools, SEC ALJ Enforcement Analytics and SEC Admin Enforcement Analytics

Health Care Fraud Analytics - on the Health Care Practice Center - provides easy access to the full text of health care fraud settlement agreements with case summaries, dockets, and other relevant documents

SEC ALJ Enforcement Analytics - on the Securities and other practice centers - provides the full text of initial decisions, key data points of the action, and other relevant documents; SEC Admin Enforcement Analytics tool provides in one practice tool the full text of SEC Administrative Orders and related documentation

Easily digestible layout allows you to search and filter by allegation, court, entity type, and other key metrics

Also provides customizable graphical displays of trends in enforcement activity and outcomes
