

**CALIFORNIA VOLUNTARY CARBON MARKET DISCLOSURES ACT**  
**BLOOMBERG L.P. DISCLOSURES**

The Voluntary Carbon Market Disclosures Act (“VCMDA”), Assembly Bill No. 1305, requires disclosure of specified information regarding voluntary carbon offset projects and claims of net-zero achievement, carbon neutrality, or significant greenhouse gas (“GHG”) emissions reductions. These disclosures are intended to work in conjunction with the [2024 Sustainability Report](#) published by Bloomberg Inc., the general partner of Bloomberg L.P. (BLP) (together along with BLP and BLP’s subsidiaries, “Bloomberg”).

**VCMDA Section 44475.2 Disclosures**

Bloomberg is committed to reducing its GHG emissions and has set both near- and long-term emissions reduction targets as well as a net-zero target. These commitments have been validated by the Science Based Target initiative (SBTi). Details, including Bloomberg’s progress towards meeting its emissions reduction targets, are provided in Bloomberg’s [2024 Sustainability Report](#) (Energy & emissions section) and [2024 Performance by the Numbers](#) supplement, which are available on Bloomberg’s website. Select data in Bloomberg’s [2024 Performance by the Numbers](#) supplement was verified by an independent third-party.
