## About Bloomberg Intelligence

Bloomberg Intelligence (BI) provides in-depth data and analysis from 350 research professionals on companies, industries and markets that clients can use to generate investment ideas and make better decisions, faster.

BI clarifies the investment landscape and explains how strategy, government and litigation factors affect companies, markets and the associated equity and credit securities.

All Bloomberg Intelligence analysis is backed by live, transparent data on the Bloomberg Terminal that clients can explore to further refine and support their ideas and speed up decision-making.

Bloomberg Intelligence is provided to clients who subscribe to the Bloomberg Terminal and can be accessed at BI <GO>. To learn more, go to [bloomberg.com/intelligence](https://bloomberg.com/intelligence).

## About the Bloomberg Terminal

Since 1981, business and financial professionals have depended on the Bloomberg Terminal for the real-time data, news and analytics they need to make the decisions that matter. The Terminal provides information on every asset class — from fixed income to equities, foreign exchange to commodities, derivatives to mortgages — all seamlessly integrated with on-demand multimedia content, extensive electronic-trading capabilities and a superior communications network.
