Tour Install
Testing Your Bloomberg Terminal

15 January 2024
Version: 3.0

Introduction

Tour Install is a function which provides testing for critical functions of the Bloomberg Terminal®.

This test ensures the terminal is installed and functioning properly. **Tour Install can be used once the Bloomberg software is installed and a Bloomberg Serial Number is created.**

Please visit https://www.bloomberg.com/professional/support/software-updates/ for the most recent versions of our software packages.
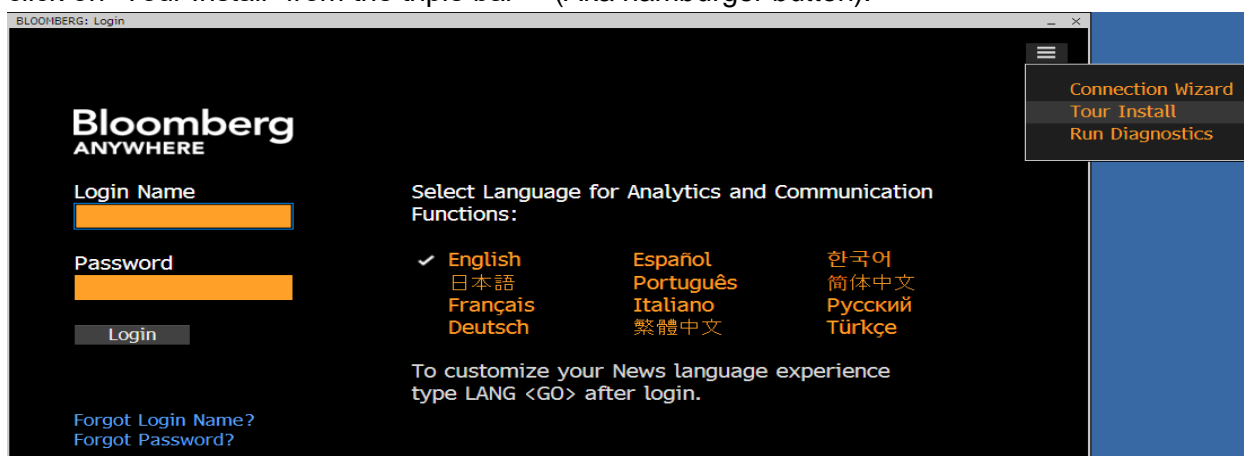

How to run

Please type "TOUR INSTALL" to the command line where the cursor is blinking in the upper left hand corner of Bloomberg window, and press <ENTER> key.
