BNEF Summit

Opportunities Generated:

Ideas, insights and connections
for a cleaner, more competitive future.

BloombergNEF

The BNEF Summit has been connecting leaders in energy, industry, transport, technology, finance and government since 2008, providing the ideas, insights and connections to formulate successful strategies, capitalize on technological change and shape a cleaner, more competitive future.

It consists of six premier, invitation-only forums in London, Munich, New Delhi, New York, San Francisco, and Shanghai convening 3,000 leaders and strategists as well as mainstream and trade press every year.

While physical convening is constrained due to COVID-19, the BNEF Summit will be delivered virtually. As restrictions on physical gatherings are lifted, the Summits will evolve to a hybrid format with attendance both in-person and virtually.

It is one of the best platforms for thought leadership and strategic business development in the industry.

Technology Platform

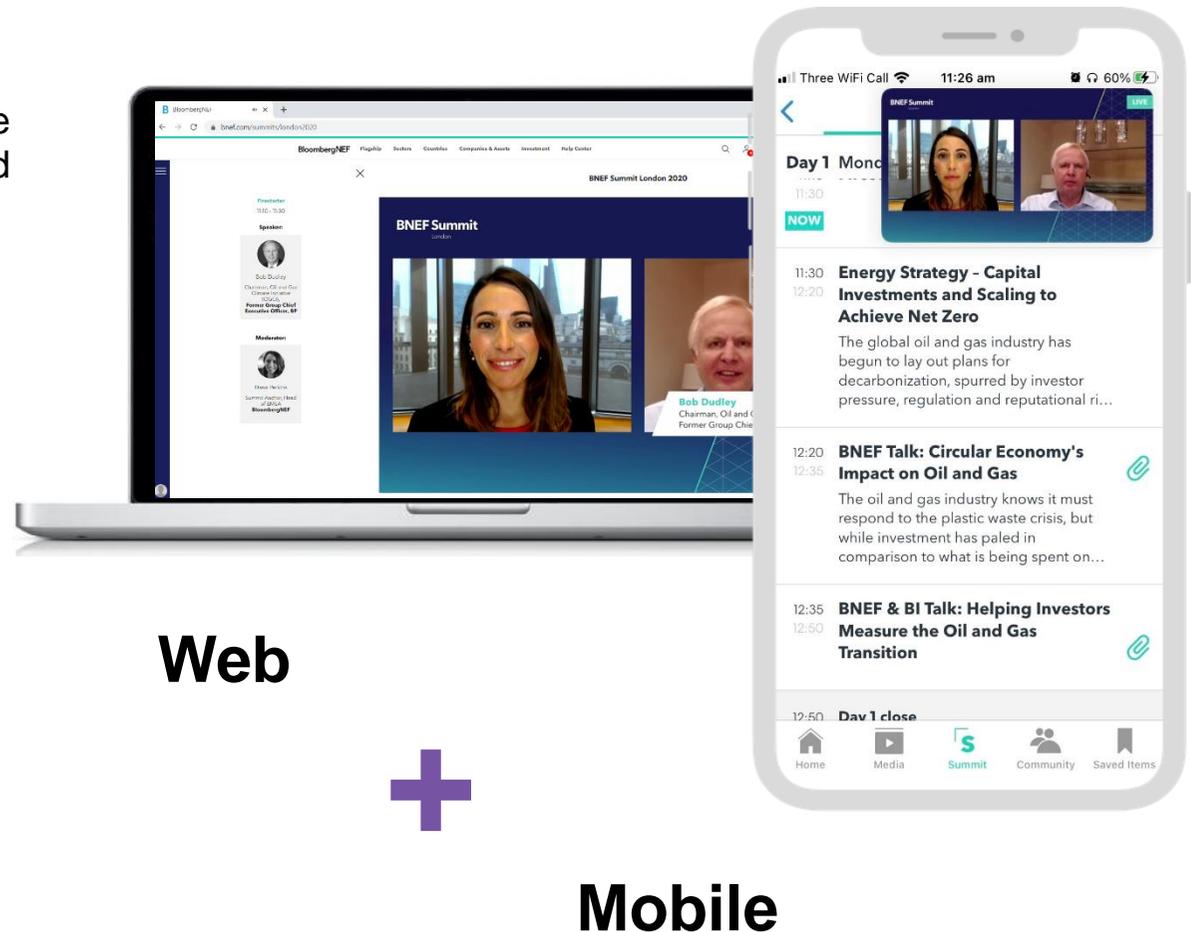

BNEF Summit Strategic Briefings and Dialogues are delivered through a dedicated web platform and mobile app that provide:

- A simple password protected URL for attendees
- A professional online studio environment and technical support for speakers
- Integration with BNEFs' existing systems for a seamless community experience

Our platforms deliver:

- A high-quality stream of live and pre-recorded footage by the BNEF team and external speakers
- Audience interaction tools including Q&A, polling, and virtual networking

Summit Partners receive full technical support and any pre-event testing needed to ensure quality and accessibility, including pre-recording where necessary.

BloombergNEF (BNEF) is a strategic research provider covering global commodity markets and the disruptive technologies driving the transition to a low-carbon economy.

Our expert coverage assesses pathways for the power, transport, industry, buildings and agriculture sectors to adapt to the energy transition.

We help commodity trading, corporate strategy, finance and policy professionals navigate change and generate opportunities.
