Opportunities Generated:
Ideas, insights and connections for a cleaner, more competitive future.
The BNEF Summit has been connecting leaders in energy, industry, transport, technology, finance and government since 2008, providing the ideas, insights and connections to formulate successful strategies, capitalize on technological change and shape a cleaner, more competitive future.

It consists of six premier, invitation-only forums in London, Munich, New Delhi, New York, San Francisco, and Shanghai convening 3,000 leaders and strategists as well as mainstream and trade press every year.

Whilst physical convening is constrained during COVID-19, the BNEF Summit will be delivered virtually as the BNEF Summit: Strategic Briefing and Dialogue for each location.

It is probably the best platform for thought leadership and strategic business development in the industry.
Locations, themes and dates

Where Automotive, Energy and Technology converge
February 2-3 ’21 Virtual

Where Energy, Finance and Technology converge
April 13-14 ’21 Virtual
